

FOR STATE ASSEMBLY **Andrea** ROSENTHAL

The Most Winnable Assembly Pickup Opportunity in California

Assembly District 39 is a seat that Democrats should win every cycle. Democrats hold a registration advantage of 25.5% and the district traditionally votes for Democrats at the top of the ticket. This is the most likely assembly district to flip to Democrats in 2022 and we can make that happen with a strong candidate like **ANDREA ROSENTHAL** as our Democratic nominee.

Assembly District 39 Geography

California's newly drawn State Assembly District 39 includes the Northern part of Los Angeles County and part of San Bernardino County, including the cities and communities of Adelanto, Hesperia, Lancaster, Palmdale, and Victorville.

FOR STATE ASSEMBLY

Andrea

ROSENTHAL

Andrea Rosenthal is a longtime educator and community organizer who is running to represent California's 39th Assembly District.

The child of an elementary school teacher and a manager of public affairs for child support services, Andrea learned firsthand about hard work, compassion and economic insecurity growing up. From a young age, Andrea accompanied her mom to deliver toys to children at domestic violence shelters. As a young adult, she volunteered with Habitat for Humanity and an overnight camp for children with cancer and sickle cell anemia. Though her family didn't have much to spare, the importance of giving back to those in need, no matter their own circumstance, made an impression.

After working in film and television, Andrea followed in her mother's footsteps and pursued a career as an early childhood educator and caregiver, where she worked for over 13 years with children ranging from infancy to 12 years old. She continued serving the community through volunteering at holiday toy drives and children's outreach events; ultimately founding an annual fundraising and awareness event for children with spinal muscular atrophy.

Upon realizing the wide-ranging obstacles facing her students and their families, and the dire need for policy reform, Andrea started volunteering with local advocacy and activist groups, eventually transitioning to a role as a political organizer. After the landmark 2018 election, Andrea was hired as the Deputy District Director for the 25th Congressional District and managed the Antelope Valley office.

Following her role as an organizer in the 2020 election, Andrea founded the Antelope Valley Community Organizing Alliance to continue the work of driving civic engagement, addressing the longtime neglect of the Antelope Valley and delivering the resources the AV needs to level the playing field. The nonprofit organization provides civic engagement opportunities, voter registration, and connections to resource providers and service projects in the AV.

Andrea currently works as a community organizer for Strength Based Community Change (SBCC), which partners with residents to build empowered communities across Los Angeles County. SBCC is dedicated to activating individuals, families, and communities to fight for social justice and equity. Andrea currently lives in Palmdale.

Andrea's Path To Victory

ANDREA ROSENTHAL has the background, work ethic, and local support to advance through the 2022 primary election and defeat a Republican or Democratic challenger in the general election. With Andrea's appeal to both left leaning and centrist voters, she is the right fit for the district — giving her the ability to not only flip this seat, but turn it into a solid Democratic seat for years to come.

Rooted in the High Desert & Antelope Valley

Andrea spends much of her time giving back to Antelope and Victor Valley communities. While working as a Congressional staffer, and now as a community organizer, Andrea has been able to deliver much needed resources to communities that are often overlooked.

Her ability to connect with various communities in the district gives her unique insight into what voters in the district care about.

Strong Local Support

With Andrea's involvement in enriching her community over the years, **she immediately earned the support of local community and educational leaders in the High Desert.**
